Situation in Mining District Unchanged as to Peace Settlement.

DANGER TO MINES

Fire Fighters Desert Posts and Great Loss May Result.

STILL NO RIOTS OCCUR

Wilkesbarre, Pa., June 10.—Strikers this morning induced the fire fighters at the Jersey Colliery to quit work leaving six men in the mines to check the flames that have been raging for sixteen months. Unless the company can manage to fill the places there will be an immense loss.

President Mitchell and Secretary Easley, of the Civic Federation, held a conference this morning. Both disclaimed that it had any bearing on the situation.

MEXICANS WIPE OUT YAQUI INDIAN BAND

Twenty-five Hundred Men Under General Torres Kill and Wound 600 Redskins.

Tucson, Ariz., June 10.—Meager dispatches received at Hermosillo tell of a battle fought at daybreak between Gen. Torres and the Yaqui Indians in the San Manhatan Mountains, twenty miles north of Mines Prietas.

The Yaquis numbered 600 men, while the command of Torres numbered 2,500.

The Indians were driven from their fortifications with great loss in killed and wounded. Between the killed, wounded and captured, the Yaqui forces were almost completely destroyed.

The dispatches fail to state the number of Mexican soldiers killed, but it is believed here that the Mexicans suffered heavily.

Gen. Torres has been instructed to exterminate all Yaquis that are found in arms.

LIVELY CRAP GAME IN KENTUCKY

ASK FOR AN ANSWER

The Gazette presents to its readers the space that was offered to the LaFollette club of Janesville, filled with a communication from that club. The Gazette makes no comment on any of the statements found and simply leaves it to the reader to decide the strength or weakness of the arguments herewith presented.

To The Editor: Senator Whitehead has delivered himself of a series of letters in which he has attempted to show great danger in a primary election law. He has taken the 'Stevens' bill, picked it to pieces, and brooded over the fragments till true to the psychological phenomenon, he sees just what he wants to see. It is absolutely necessary for Mr. Whitehead as a stalwart candidate to see great danger in a primary election law. The dangers he sees are perhaps real to him, although they are only an illusion. Doesn't Mr. Whitehead know that very few laws are enacted absolutely perfect when they embody many details, and doesn't he know that these laws can only be made more perfect by amendment from time to time as the defects appear? If Mr. Whitehead had been in a frame of mind to be fair when he started to write his letters, why did he not start out with a discussion of whether a system of primary election is right or wrong as a matter of principle instead of his pusillanimous picking to pieces of the proposed law. John M. Whitehead does not dare tell the people of Rock county that primary election as a principle is wrong. He attempted to divert the attention of the people from the underlying principle by calling attention to the fancied defects in the proposed law.

But two short weeks ago, we beheld the shameful spectacle of an assembly district in our own county represented to the congressional convention by delegates who voted contrary to the wishes of a large majority of the people they represented. If there had not been more than eleven stalwarts in that assembly district, they would have gone to represent the district in that convention. In the name of common sense, John M. Whitehead, if you believe in the principle of a government of the people, for the people and by the people, and this be the working of the present system, will you tell us where the principle of a primary election is wrong. If under the present system the first assembly district had been denied representation, it would have been tolerable, but when in addition to being disfranchised, it is forced to be represented by men who will vote and work for measures in direct opposition to the wishes of the people they represent, the humiliate is more than one American citizen has a right to ask another to suffer. It is hard for one who has writhed under the stinging lashes of your party boss, under such circumstances, to feel and know that he would not rather take his chances on a primary election law. Your fancy may have led you to conjure up many seemingly real dangers under a primary election law, but rather than submit any longer to compulsory misrepresentation at the hands—call it what you like—we are willing to chance your phantoms.

When the Rock county convention two weeks ago throttled the majority of the first assembly district, and forced that district to swallow the galling pill of misrepresentation, a political crime was committed, and this solely for the purpose of advancing the interests of John M. Whitehead, the man who has held up to us the horrors of machine rule under a primary election law.

How flat your arguments fell the day you profited by such means. Personally we have had the highest regard for Mr. Whitehead, and am certain every republican in the county would be proud of him as their own home candidate, if he were the candidate of the people of his own county and not the candidate of corporate interests represented in the Eleventh Floor league.

This league was not organized until bills were proposed providing for the taxation of corporations to such an extent that they would bear their just share. The people had begun to clamor for the taxation of these rich institutions, and in response thereto the representatives of the people had prepared measures to comply with their demand. These bills were kept back at the first session of the legislature by the faction Whitehead represents. Would they stay down? Hardly. And here is the key to the whole situation. They "viewed with alarm" the re-appearance of these bills; taxing corporations. They viewed with alarm the re-appearance in the capitol of the crowd that dared propose such legislation. They dare not attack the taxation bills directly. They must direct the attention somewhere else and away from these, so they attack the primary election

Ask For Bread
A demonstration was made at the palace this morning by a mob of Havana's poorest class. They surrounded the palace and cried for bread. President Palma took a thousand dollars out of his private purse and purchased bread which he distributed to the crowd.

BELOIT STUDENTS IN GREEK PLAY

Will Produce Aristophanes' Lyric, "The Frogs," in English, June 18.

Beloit, Wis., June 10.—On Monday, June 16th, the Greek department of Beloit college will give in its 17th annual dramatic production, the "Frogs," a comedy by Aristophanes. This will be, it is believed, the first occasion on which an English version of a Greek comedy has been given in this country. It is also noteworthy in the fact that this year is the first since Beloit began her long series of Greek plays that the young women of the college have been giving as speaking parts, although they were admitted to the chorus two years ago.

The play which takes its name from the frogs that sing in the marshes of the Styx, was written as a comedy study of the literary characteristics of the time and the greater part of the action takes place in Hades where Dionysus, the God of Wine has gone to find a good poet, since all such are dead. The God is accompanied by his slave Xanthias and the two find themselves in many laughable situations.

The English translation of the play to be used, is replete with modern slang expressions, interspersed with lyrics of rare beauty. The comic situations and the more serious songs of the initiates and the invocations of the poets on trial are contrasted in a very effective manner. The music has been composed or arranged for this performance and the chorus has been drilled by Prof. B. D. Allen. The comedy as a whole has been under the direction of Prof. T. L. Wright.

MILTON

Milton, June 9.—The third annual commencement of the Milton High School took place Thursday evening at Good Templars' hall and standing room was at a premium long before the exercises began. The vocal numbers on the program and those by Saunders and Orcutt's orchestra, were excellent. The eight young misses who formed the class of 1932 acquitted themselves in a very creditable manner and earned the hearty applause that greeted the conclusion of their efforts. The program was: March—"The Princess" orchestra; Invocation—Rev. T. W. North; "Friction Develops Fire," Eleanor Dunn; "Agricultural Education," Beesle Vrandall; vocal solo—"Crown Glory," Nettie Cary; "Marconi" Fernie Crossley; "The Unsubduable," Ina Shaw; "Fond Thoughts of Home," orchestra; "The Gifts of the Old Century," Blanche Plumb; "Negro Education," Estelle Davidson; vocal duet—"Drifting Bark," Mr. and Mrs. L. A. Babcock; "Our New Cousins—The Barons," Helen Ingram; "Our Christian Statesman"—Lizzie McEwan; presentation of diplomas; principal, F. R. Hamilton; selection—orchestra. On Tuesday evening, prior to the commencement, the Junior-Senior banquet took place at the home of Alice Holmes and was an pleasant event. At the Declamatory contest, the first prize was won by Harvey Ingham, the second by Parker Townsend and the third by Willie Livingston. Rain Friday prevented carrying out the annual field day program and but a few of the events came off.

Eruptions

Dry, moist, scaly tetter, all forms of eczema or salt rheum, pimples and other cutaneous eruptions, proceed from humors, either inherited, or acquired through defective digestion and assimilation.

To treat these eruptions with drying medicines is dangerous.

The thing to do is to take

Hood's Sarsaparilla

and Pills

Which thoroughly cleanse the blood, expelling all humors and building up the whole system. They cure

Hood's Sarsaparilla permanently cured J. G. Hines, Frank, Ill., of eczema, from which he had suffered for some time; and Miss Alvina Welter, Box 212, Algona, Wis., of pimples on her face and back and chafed skin on her body, by which she had been greatly troubled. There are more testimonials in favor of Hood's than can be published.

Hood's Sarsaparilla promises to cure and keeps the promise.

WE KEEP THE QUALITY UP

Big Sample Line of

FANS...

We were lucky in getting a large assortment of Fans, intended for Samples, but as they were sent from New York rather late, the season being so far advanced, the agent decided to let us have the lot—about 800 Fans—and made us a big discount, which enables us to offer them at Bargain Figures—Bear in mind, please, that these Fans are in perfect condition. They were sent by express from New York to Milwaukee and then direct to us, and were never shown on the road. It is certainly a rare pick-up. Young Ladies about to graduate can find here just the right fan. They are marked low; the prices run: 25, 35, 40, 50, 60, 75 and 90c, 1.125, 1.50, 1.75, 2.25, 2.50, 3, 3.50 and \$4.00. While most of the Fans are white and white with delicate coloring, spangles etc., there is a liberal sprinkling of handsome black ones. The fans priced at \$1.75 to \$4.00 are 50c to \$1.50 under price. Call early and get first choice.

WOE FOR THE GAY CHAFFEUR

Common Council Restricts Its Speed
or Pay a Fine—Other Coun-
cil Work Passed.

Automobiles have grown so numerous in Janesville as to have become a public menace, and an ordinance regulating their speed was introduced at the regular meeting of the council last evening by Alderman Judd. Complaint had been made to the alderman that the machines were being run at a speed of 100 miles an hour about town, and it was thought best to put a check on their speed. If any gay chauffeur exceeds ten miles an hour through the city, he will have a chance of depositing not less than \$1 or more than \$10 in the public treasury.

That Sidewalk
The residents of South Second street are divided on the sidewalk question and petitions setting forth the views of each faction were presented to the council. The parties wishing to have the sidewalk along the curb line had a little the best of the matter, if the length of the reasons given, why the walks should be along the curb line cut any figure. Alderman Gilkey in order to get the matter settled one way or the other, asked that the petitions be referred to the chairman of the highway committee and the aldermen of the ward. Their lives for some time to come will be a burden.

Meeting Opens
Mayor Richardson presided at the meeting and Aldermen Gilkey, Judd, Hemming, Kothman, Murray, McLean and Hutchinson were present.

The minutes of the last meeting were read and approved. The city treasurer's report for the month of May and the municipal court report for the same month were presented and referred to their proper committees, and later accepted and placed on file. The bond of the Gazette Printing company and the bond of Blake Brothers were reported and the sureties good and were accepted. Fifield Bros. served notice on the city that they held an assignment of the claims of John Martin and asked that all monies over \$3,023.55, due to the First National bank be paid to them to satisfy their claim of \$3,757.57. The matter was referred to the judiciary committee who were given more time.

Blakes Get Contract
The report of the street assessment committee awarding the contract for the improvement of Milton-avenue to Blake Bros. was referred to the highway committee and later adopted and placed on file.

The finance committee reported favorably on a batch of bills and the clerk was instructed to draw orders on the treasurer in favor of James Rowson & Son for \$3,000 to apply on the city hall contract. The mayor was instructed to borrow \$4,000 and place \$2,000 to the credit of the school fund and \$2,000 to the credit of the general fund.

Plea For Firemen
Chief Spencer appeared before the council and made a plea for the Firemen's Relief Association of \$200 to help them publish the souvenir that they are getting out. The matter was referred to the fire and water committee with power to act. The report of the assistant street commissioner on sidewalks necessary in front of the different lots, was adopted and he was ordered to serve the necessary notices.

Thomas Mackin was granted permission to use a portion of Dodge St. for storing material during the construction of a building. Ald. Judd introduced the automobile ordinance which was given its first and second readings and under a suspension of the rules given its third reading and passed.

To Grade Oakland Avenue
The city engineer was instructed to prepare a grade for Oakland avenue and a sidewalk grade for East Milwaukee street between Wisconsin and Division streets, also a sidewalk grade for a portion of River street. The contractors for the improvement of Milton avenue were instructed to place the surplus dirt on some of the adjoining streets. The street commissioner was instructed to grade

"A HELPING HAND"

Is Gladly extended By a
Janesville Citizen.

There are many enthusiastic citizens in Janesville, prepared to tell their experience for the public good. Testimony from such a source is the best evidence and will prove a "helping hand" to scores of readers. Read the following statement:

Veteran A. F. Lee, of 61 Sharon St., carpenter, says:

For twenty years I troubled me a great deal, many days I could hardly keep at my work and by nights, when I lay in bed, I was in great pain. It was when that my back did not ache, and I have been completely laid up for three or four days at a stretch. When I was in this condition, I was told that I had a kidney trouble, and that I should get the "Golden Medical Discovery" and I did. I took it, and after the first three or four doses a noticeable change was brought about. I improved steadily from then on and in a comparatively short time I was in good condition and am now well.

PLAIN FACTS ARE NOT BURNISHED

Continued From Page 1.

legislative act, would involve no disturbance in commercial or industrial conditions."

"We are not prepared, and may never be, to recommend that intangible personal property now liable to assessment be released from taxation, at least not wholly."

"It is assumed, however, that the legislature will consider it best to continue to treat money, credits and securities as property and to make the same, together with such other forms of property as largely escapes assessment, liable to taxation directly upon an assessed valuation."

The Commissioners recommended a plan for dealing with the evils of inequality in and escape from assessment, which, to quote their own words was as follows:

"1. Eliminate all provisions requiring property owners to furnish to assessors sworn or other lists or statements of taxable personal property, tangible or intangible, and all provisions requiring them to submit to examinations under oath except in proceedings before the board of review, as hereinafter stated."

"2. Provide ample opportunity to property owners to make lists or statements of personal property liable to taxation, sworn or unsworn, if they choose to do so, coupled with express provision that such statements shall not be binding or conclusive upon the assessor or board of review."

"3. Authorize and command the assessor to assess by estimate all the taxable personal property, including intangibles, which he has good reason to believe each person possesses in addition to such tangible property as he may actually be able to discover and list; avoid restrictions which would tend to hamper or embarrass in the exercise of such power, but require him to inform each property owner of the total amount of his personal property assessment in excess of the voluntarily listed by him in a signed statement."

"In order for him to correct or prevent inequality resulting from errors in judgment or unreasonable exercise of power on the part of the assessor, give the board of review like power to increase or lower assessments of personal property by estimate."

"5. In order to protect the property owners against over-assessment by caprice or mistake, provide ample opportunity for him to be heard and produce evidence before the board of review both as to the assessment and the assessment of any other property in his district; and to that end retain the substance of the present provision, that he be given notice of any increase made by the board in time to be heard and present evidence thereto."

"6. But as a protection against artfulness and invasion, provide that no man's assessment shall be lowered upon his application until he has made a full disclosure under oath to the board of review of all of his personal property liable to taxation, fully answered all proper questions upon the subject, and satisfied the board that the aggregate valuation of his property is too high. The board should also have ample authority to summon and examine witnesses in relation to any assessment."

"7. To prevent unnecessary litigation and to give the board opportunity to redress all grievances as to personal property, provide that no person shall be allowed in any court to question the justice or equality of any assessment of personal property unless he shall have first presented the matter before the board of review and complied with the requirements suggested in the preceding paragraph, except when prevented from so doing by want of notice or other omission on duty on the part of the board."

"8. It perhaps may be advisable to impose a moderate penalty upon assessors for any intentional violation of duty. Also, perhaps, to impose and direct penalty upon a property owner who fails to make full disclosure to the assessor by providing that he shall have on relief from an excessive assessment unless he shall show satisfactorily to the board of review (when not prevented by want of notice, etc.) that his aggregate assessment is more than (say 20 per cent. in excess of) the true value of his taxable personal property and then shall be allowed abatement of only the excess above such 20 per cent. unless he shall have only made and returned to the assessor a substantially correct abatement of all of his personal property liable to taxation. It is doubtful, however, whether this last suggested provision would prove valuable or helpful."

"The plan outlined in the foregoing suggestions is confessedly the antithesis of an inquisitorial listing system, though retaining some measure of inquisitorial power in the board of review when the assessment is attacked by the property owner. It is essentially a system for the assessment by estimate of such personal property as cannot ordinarily be seen or made accurately known to the assessor except upon voluntarily disclosure by the owner, and is commonly spoken of as assessment by 'estimate.' By it the powers of assessing officers are enlarged to the fullest degree consistent with the safety of private right, and, more important perhaps, whose officers are not restricted or concluded by fraudulent or deceitful lists or property statements made by unscrupulous property owners."

It is worthy of remark that from 1860-'68 the assessment laws of the state were moderately inquisitorial in character, and that under them assessments were made to depend to a

very considerable extent upon the sworn statement of property owners. During that period aggregate assessments of personal property in the state increased from about \$27,000,000 to about \$50,000,000, an average annual increase of about 10.6 per cent. In 1868 the assessment laws were revised; most of the inquisitorial features of the previous laws were abolished; assessments of personal property were made to depend much less upon the lists or oaths of property owners and much more upon the unrestricted judgment of assessors, and some measure of "estimate" power was invested in the latter. In a single year following this change in the law the aggregate of assessments of personal property in the state increased from about \$50,000,000 to over \$82,000,000, or about 64 per cent., and this increase was substantially maintained in subsequent years."

Old Fashioned Picnic

Flag Raising in Johnstown on Thursday Next

Arrangements have been completed for the flag raising in District No. 8, Johnstown, June 12. The flag will be raised at 10 o'clock a. m. Exercises will be held at 11 o'clock in E. L. Bingham's grove 1-13 mile west of the school house consisting of a program by the school conducted by the teacher, Miss Alice Clark, followed by addresses by County Supt. David Throne and Rev. T. W. North. George Hanson of Milton will serve ice cream and lemonade. A cordial invitation is extended to everybody to come and bring a picnic dinner.

There's many a cause for headache.

Men are not often troubled by headaches.

When they are it is generally due to biliousness or indigestion. But women have headaches which seem peculiar to their sex, frequent nervous throbbing headaches. Does it not seem as if such headaches peculiar to women must be of some related to womanly disease? Women who suffer with diseases peculiar to the sex do not realize the drain of vital strength and nerve force they undergo as a consequence of disease. It is this which causes the familiar headaches of sick women.

Dr. Pierce's Favorite Prescription cures such headaches by curing the cause—irregularity, weakening drains, inflammation, ulceration or female weakness. "Favorite Prescription" invigorates and tones up the entire system, encourages the appetite, quiets the nerves and gives refreshing sleep.

"I was troubled with constipation of the uterus and female weakness for five years," writes Mrs. Robt. Kerwin, of Albert, Hastings Co., Ont. "Was so weak and nervous I could hardly do any work. Had severe pain in back, also distention and pain in head. My heart would beat so hard and fast at times I would have to sit still till I got all right again. But after taking four bottles of Dr. Pierce's Favorite Prescription and one of his 'Golden Medical Discovery' I felt entirely well. I also used one box of 'Lotion Tablets' and one of 'Suppositories' as directed. All the symptoms of my trouble have disappeared and I am completely cured. I thank you for your kind advice and your medicine."

Dr. Pierce's Pleasant Pellets clear the complexion and sweeten the breath.

REPUBLICAN CAUCUSES

The Republican caucuses to elect delegates to the county conventions will be held throughout the county Tuesday, June 17. In the towns these caucuses will open at 2 o'clock p. m., and in the villages at 7:30 in the evening. Two sets of delegates will be elected. One to attend the county convention to be held at the Court House, July 8, for the purpose of electing delegates to the state convention, the other to attend the county convention at the Court House, July 10, to nominate county officers. The call in detail is published in another part of the paper. These caucuses are very important and should be attended by every republican.

OUR TRADE WITH JAPAN

The United States is making rapid gains in the share which she furnishes of the importations of Japan. The "Annual Returns of the Foreign Trade of the Empire of Japan," for the year 1901 has just been received by the Treasury Bureau of Statistics. It shows that the United States which in 1881 furnished less than 6 per cent. of the imports of Japan, supplied 17 per cent. of those imports in 1901, and that the United Kingdom, our chief rival in that trade, which supplied over 52 per cent. of those imports in 1881, furnished but 20 per cent. of Japan's importations in 1901. The total value of Japan's imports from the United States in 1881 was 1,781,103 yen, and in 1901, 42,769,439 yen. The total value of Japan's imports from the United Kingdom in 1881 was 16,364,740 yen, and in 1901 was 50,575,788.

This is a gratifying report. The percentage of increase in 20 years speaks volumes for the supremacy of the American market.

It is doubtless true that Japan, in point of intelligence and progressive enterprise, stands at the head of the list of the semi-civilized nations. The representatives of this nation, who were in attendance at the World's Exposition, were shrewd and very observing.

During the Spanish-American war, it was no uncommon thing to find a "Jap" on our war vessels, employed as a mental, but devoting his time to the careful study of the vessel and its equipment. In six months he was ready to desert and join his own navy, who sent him out, furnished with valuable information.

The Chinese-Japanese war brought these nations into world wide prominence, and revealed some national characteristics that had not been recognized before. China soon gained the reputation of being weak and vacillating. Her army and navy was a by-word and her management evidenced a total lack of organization.

On the other hand, Japan was on the alert and active. A handful of men, was enough to route a Chinese regiment, and one battleship was a match for a fleet. What the outcome would have been, without interference on the part of other nations, is not difficult to determine.

It is perfectly natural that Japan should be interested in American goods. The nation is copying American ideas and methods, and is making rapid strides towards civilization.

THE NEXT CANDIDATE

"The name of the next democratic candidate for the presidency is not yet definitely known. But it is definitely known that whoever he is, he will be a democrat who has been faithful to democratic principles as enunciated in democratic forms."—The Commoner.

The question that is consuming Mr. Bryan just now, is more or less of a conundrum to both wings of the democratic party. "Democratic principles as enunciated in democratic platforms," is what annoys the party, more than the choice of a candidate. To Mr. Bryan and his constituency these principles are represented in the Chicago and Kansas City platforms. They mean free silver, free trade, and free almost everything else.

To Mr. Cleveland, and the conservative wing of the party, these modern principles are a by-word. The task of bringing these factions together, has thus far been a hopeless task and until this is accomplished, the choice of candidates is of secondary consideration. The Bryan crowd will not support the Cleveland faction, and the Cleveland men have twice refused to endorse Bryanism.

It is very evident that so long as Bryan continues to talk about democratic principles, that he is in no mood for conciliation. If a conservative democrat should secure the nomination, half of the Bryanists would join the ranks of populism, and they wouldn't have very far to go.

The next president will be a republican. If democracy was united, the party is without an issue. Times are good and everybody prosperous. A change of administration would unsettle business and values, and the people are in no mood for another four years of democratic rule.

It is sometimes wise to let well

enough alone, and this will be the verdict in the next national campaign.

The game wardens will be able to devote most of their time to Dane county for the next month, and there ought to be a falling off in expenses. The walking is good and they will be so near headquarters that they can come in at nights. A small squad will be needed in Rock county, but most of the game is harvested in this vicinity.

The Superintendent of the State School at Sparta, is holding his position as a reward for opposing LaFollette four years ago, and he continues to hold it for supporting him in the present campaign. Walworth county republicans are able to get along without him and their recent endorsement of Senator Whitehead indicates that the Elkhorn editor and Supt. is a political orphan.

There will be no change in State Accounting, under the present administration. The new system was ready to install before governor LaFollette was elected, and was partially adopted by the State Institutions, but the University objected and is doubtless still objecting. This is largely a university administration and practical reforms are not popular.

The Oshkosh Northwestern is attempting to brace up the governor on the McLaughry deal. The Northwestern will be all right after the convention, but it will be more comfortable for the paper to get in line before the campaign closes.

Mr. Frear enjoys the reputation of blocking the Spooner resolutions in the Glenwood conventions. He should feel proud of the distinction. Professors of friendship like professions of honesty, will sometimes bear watching.

Richard Cecil Hughes, D. D., is to be installed as President of Ripon College at the commencement exercises, June 17. The college is in a prosperous condition, and is fortunate in securing the services of President Hughes.

The State Board of Control have a happy faculty of discovering that state officers are cruel and incompetent, on short notice. When the administration sneezes, there is a general scattering for cover.

Carelessness resulted in the loss of nine lives and two lake vessels at Superior last Saturday. The accident was caused by collision in broad daylight and seems inexcusable.

The strike situation in the coal and iron districts is deplorable and the good offices of the President are sought to straighten out the tangle.

PRESS COMMENT.

LaCrosse Republican and Leader: As a matter of fact, Rock county and the First district are absolutely safe to send solid delegations to the state convention. Everybody that knows anything about the political situation down there knows that.

Eau Claire Leader: Senator Whitehead is an honest man, earnest and energetic. In his personal and social relations he is genial and companionable. Few men in the state have higher claims to eminence. He is not a quarrelsome man. He gives due consideration to the opinions of others. He devotes himself zealously to the interests of the state. He is fitted to adorn any office to which the people may see fit to elect him.

Madison Democrat: The acute stage of the factional warfare between the stalwarts and half-breeds is now on. The conflict is one of great bitterness. It is not a friendly rivalry, but a war of extermination. The real goal of the contest is the overthrow of Senator Spooner. The triumph of Governor LaFollette and the election of a legislature in harmony with his views means the hurling of Spooner over the battlements as though he were a revolting angel. It is a merry war for all save those engulfed in it.

If Governor LaFollette could only overcome the disagreeable habit he has of talking advantage of every speech-making opportunity to put wings on himself and horns on the other fellows, he might be able to bring about something real in the line of reform.—Menasha Breeze.

Fond du Lac Commonwealth: The discovery of a \$10,000 pearl in Wisconsin simply adds to the growing evidence that the Badger State produces most of the good things of earth, even to the jewels that adorn the crown of heads.

Appleton Post: A man who gives way to violent bursts of passion is hardly a proper person to place in charge of several hundred prisoners.—Oshkosh Northwestern.

Racine Journal: It is very evident that ex-Warden McLaughry was not an original LaFollette man. He became, however, the governor's man when through charges of alleged misconduct and a complaint of the board of control he was forced out of office.

Oshkosh Northwestern: The reported prospect of a lobster famine will not affect the political situation in Wisconsin, for we have plenty and to spare.

Marquette Eagle: It is always better to be careful when around machinery, both metallic and political.

LaCrosse Press: We expect to see the LaFollette men from this county

enlivening the proceedings of the republican state convention from advantageous points in the balconies.

Pharmacy Legislation.
The coming meeting of the State Association at Milwaukee will be one of the most important in its history. Aside from the social features, the business transacted will be of financial value to all. Wisconsin has the name of being better than any state in the union. Do not let her lose this reputation. There are to be amendments offered to the pharmacy law, be there and add your influence. The druggists want a law prohibiting the peddling of medicines from house to house and other changes.

One man who has already shown his friendship to the pharmacists of Wisconsin is John M. Whitehead, of Janesville. His aid on bills that were before the senate in the session of 1900 is known to many, and his work for their benefit is a fair index to the future.—Practical Druggist.

Providential Differences.

(Atlanta Constitution.)
"Dey tells me," said Brer Williams, getting off the train after a protracted absence from home, "dat de harrican come 'ong en tuk Brer Thomas house off da face er de airth?"

"Hit sho' did!"
"Well, I well knowed de Lawd would sen' somepin lak dat on 'im. Hts done fer a wise purpose."

"But—de harrican tuk yo' house too, Brer Williams?"
Then did Brer Williams take off his brass rimmed spectacles and mop his perspiring brow, as he groaned: "De ways er providence is past findin' out!"

WILL BE ROYALLY WELCOMED

Carloads of Fruit to Be Given to Pythian Excursionists

The greeting which will be extended to the visiting Knights, families and friends of the Pythian hosts on reaching San Francisco next August will give them some idea that have not made the trip in vain. Before reaching the city they will be met by a delegation and taken to the grand nave of the ferry depot. That room is 550 feet in length and 75 feet in height. A conception of the vastness of that hall may be inferred from the fact that two carloads of fruit piled in one corner of it can scarcely be seen from the opposite end. That room will contain an abundance of California's choicest fruits, flowers and wines. To all of which the visitors will be welcome. No attempt at display will be made here, only samples will be distributed. Located in the same building are the splendid exhibits of the California State Board of Trade, containing samples from the different counties of all the products of California. Here is also the instructive exhibit of the California State Mining Bureau and of the World famous Alaskan exhibit, containing samples of every conceivable article produced or used by the dwellers of Alaska.

No wonder crowds are already planning to take advantage of the low railroad rates and planning to go to California during August. It is the chance of a lifetime to see the great West and the marvels of this Pacific Coast.

BOZZIE IS FAVORED

Given a Collar By President Roosevelt to Remember Her Visit

George B. Clason's trick dog, Bozzie, so pleased President Roosevelt and family, when Mr. Clason was in Washington recently and entertained them, that Mrs. Roosevelt will have a handsome collar made for her. Bozzie was measured for the collar last Friday and it will be a very handsome affair.

Mr. Clason presented Kermit Roosevelt with one of Bozzie's puppies, which is partly trained and will be given a complete course of education. President Roosevelt's Chesapeake Bay dog, Sallor Boy, will be given a course in counting and mind reading by Mr. Clason, who thinks that he can teach him the most of Bozzie's tricks.

Mr. Clason has many friends in Janesville a number of whom have seen Bozzie perform. The things done by this dog are really wonderful and hard to believe unless seen. He has always been a great lover of dogs and has at different times given val-

uable hunting dogs to people in this city. He was the owner of Royal Duke, a celebrated field trial and bench show winner.

RAILROAD NOTES

Building New Platform: The St. Paul railroad company are building a new transfer platform for freight at the junction of the Mineral Point and Janesville and Southeastern divisions. All freight transferred on these two divisions will be handled at his point. Considerable excavating is necessary to get the platform in and it will probably be about ten days before it is completed. It will be quite a convenience to the railroad company and save transferring the freight at the old freight station.

Material For New Depot: The first car of stone for the new C. M. & St. P. passenger station arrived in the city this morning and several more are on the way. The ground has been ready for the contractors for some time. The work will have to begin pretty soon if the company occupies it this fall and winter as they now expect to. The contractor claims he has been delayed by his inability to secure material for the building, but now that it has begun to come he will no doubt start on the work at once.

Off To Stevens Point: There were about thirty G. A. R.'s from Milton, Elkhorn, Mineral Point and Janesville that took the train in this city. About a dozen numbers of the local post will attend. They expect to be gone about four days and have an enjoyable time.

Will Move Depot: A. D. Campbell district carpenter of the St. Paul, is making arrangements to move the old freight station up next to the Rudolph warehouse. It is now full of storage goods which will have to be taken out before the building is moved.

On Special Mission: B. F. Roman, of Chicago, one of J. A. Hinsey's special men has been in the city for a couple of days looking after St. Paul matters.

Suspend Quarantine.

Louisville, Ky., June 10.—The quarantine order issued against Indiana on account of smallpox and suspended for ten days on May 30 was further suspended until July 3 by the state board of health of Kentucky.

Riot Injures Cause Death.

St. Paul, Minn., June 10.—As a result of injuries received in a riot between citizens and Italian railroad laborers in West St. Paul, A. Roberge is dead. The others injured will probably recover.

Find Coal in Russia.

Vienna, June 10.—Rich and extensive coal fields have been discovered at Gokovo, near Warsaw, which promise to relieve Russia of the necessity of importing coal.

Abolishes Dictatorship.

Berlin, June 10.—The reichstag passed the third reading of the bill abolishing the dictatorship in the Reichsland (Alsace-Lorraine).

Shoots Wife and Self.

Eau Claire, Wis., June 10.—Byron Shurtlett, an umbrella mender, fired with a revolver at his wife as she lay in bed. He shot her four times, riddling her body with bullets. He then shot himself.

As to the purity and healthfulness of pasteurized milk; we have spared no expense in securing the latest and most expensive machinery to be obtained. The milk we use comes from sanitary dairy farms and is in itself far superior to that peddled in Janesville by other dealers. From these sanitary dairy farms the milk is brought to our Janesville factory and then put through the pasteurizing process.

We invite you to call and see for yourself the method we employ.

COMEDY AND FUN FOR CLASS NIGHT

Commencement Exercises Will Begin Merrily at the High School This Evening.

This evening marks the beginning of the end for the class of 1902 as a part of the Janesville High school. With the class night exercises to be held in the school gymnasium at 8 o'clock this evening, the commencement exercises, which are to occupy three evenings, will begin.

A full dress rehearsal of the class night exercises was held last evening and everything indicates a smooth and pleasing program for this evening. For two days the Juniors, under the direction of their decorating committee, have been busy with the decorations which are quite elaborate and very artistic. A profusion of bunting and crepe paper in red and gold, the class colors, has been used effectively, the glow of the electric lights has been softened by red shades and handsome cut flowers and palms will add their beauty to the scene.

The program this evening and each succeeding night will begin promptly at 8 o'clock and those who expect to attend are requested to be in their seats by that time.

The exercises will necessarily be quite lengthy, owing to the large number of graduates. Each one has been limited to seven minutes, however, so that no number will be so long as to become tiresome.

The features of this evening's program will be the class play, the history, prophecy, poem and will together with the welcoming address, declamations and music by the orchestra from the State School for the Blind. The complete program for this evening's exercises follows:

Tuesday Evening.

Music—Orchestra from State School for Blind Address of Welcome.....Frank Holt Class History.....Matthew D. Roberts Class Poem.....Bertha Miller Class Will.....Stella Miller Class Prophecy.....Isabella Mueller Music.....Orchestra Declaration, "Jerry, the Bobbin Boy".....Class Play, "Our Boys".....

Cast of Characters.
Sir Geoffrey Champneys (a country magistrate).....Kellie Lewis Talbot Champneys (his son).....William Fox Perkins Middlewick (of Devonshire House).....A related butler.....Harry Stanton Champneys (his son).....Rosa Bump Kemper (Sir Geoffrey's man servant).....Lester Strang Poddies (Middlewick's brother).....Michael George Violet Melrose (an heiress).....Elsie Fathers Mary Melrose (her poor cousin).....Edna Wright Clarissa Champneys (Sir Geoffrey's May Merritt Bellada (a lodging house lady).....Gertrude Van Beynum

CITY DEATH ROLL

John G. Sadler
William Sadler of this city has received the news of the death of his brother, John G. Sadler, who passed away at his home in Lechade, England on the sixth of May. Deceased was fifty-eight years of age and was a prominent tradesman. The Wills and Gloucestershire Standard of May 17th contained an extended account of the funeral services together with a list of the floral offerings which were very numerous.

Mrs. Mary Carter
Mrs. Mary Jane Carter, beloved wife of Elijah Carter, passed peacefully into the unknown country beyond the grave last evening at 5:30 o'clock. Her death occurred at her home, 58 Elizabeth street and brought to an end a long life of usefulness and many years of patient suffering. Deceased was sixty-two years of age and a great part of her life was spent in this city where she had many friends. For the past few years she and her husband had made their home with their daughter, Mrs. John Ray in Cleveland, O., but about a month ago they returned to this city to reside. Although Mrs. Carter had been an invalid for many years, her death was directly due to gangrene from a carbuncle which had developed since her return to Janesville.

Deceased leaves a husband and four daughters to mourn her loss. The bereaved daughters are Mrs. John Ray, Cleveland, O., Mrs. C. L. Evans, Beloit, Mrs. S. F. Douglas, Chicago and Mrs. D. Thomas, Roseland, B. C. Mrs. Thomas is critically ill herself and has not been notified of her mother's serious illness or death.

The funeral will be held from the home Wednesday afternoon at 2 o'clock. Rev. Richard M. Vaughan officiating.

Stalwart Republican Meeting.
The stalwart republicans of the town of Milton will hold a preliminary meeting at Good Templar Hall in the village of Milton on Monday, June 10, 1902 at 2 o'clock p. m. for the purpose of selecting names of electors to be presented at the republican caucus on Tuesday, June 11, 1902, as suitable persons to be elected as delegates to represent the town at conventions to be held this year. All republican electors who are opposed to the renomination of Gov. La Follette are invited to attend this meeting.

Mrs. John Ludolph has returned from Hanover where she spent Sunday, the guest of her parents.

White Wash Waists.

We are showing beautiful styles in white waists, and they are moving rapidly.
J. M. BOSTWICK & SONS.
Charles A. Sanborn is in the city, making arrangements to move his family to Esmond, N. D., where he is established in business. They expect to leave this city for their new home in about two weeks and their departure will be deeply regretted by a host of friends. The family has resided in this city for many years and has taken a prominent part in its business and social life. Mrs. Chas. Sanborn has been especially active in club circles and in the Eastern Star; the organizations to which she belongs having no more efficient or valued member.

ATHLETIC MEET FOR YOUNG BOYS

Blue Ribbon Contest for Y. M. C. A. Juniors and Intermediates to Be Held Next Monday.

Members of the Junior and Intermediate department of the Y. M. C. A. are looking forward with great interest to a blue ribbon meet which is to be held under the direction of Physicist Director E. C. Kessler at Athletic park next Monday, June 16, both morning and afternoon.

This is the first meet of the kind which has ever been held in connection with the Y. M. C. A. work and it is the expectation that hereafter it will be made an annual event. The meet will be conducted on the lines followed by all the work in the physical department, its object being an all round development and not special training in one particular line. To this end each athlete who enters the contest will start in all of the events instead of in a few in which he is naturally best. Points will be given for first, second and third winners in each event and those winners will be given ribbon prizes, blue for first, red for second and orange for third. The three main prizes in each class, Junior and Intermediate, however, will be much handsomer ribbons and will be won by the three athletes making the most points in the entire meet, thus proving themselves the best all-round athletes. If sufficient interest is taken in this year's meet, medals will take the place of the ribbons next year.

The meet will in reality be two separate ones, the Junior contest being held at 9:30 o'clock in the morning and the intermediate contest in the afternoon at 2:30 o'clock. No admission will be charged at the gate and the public is cordially invited to be present and encourage the boys in their efforts.

The program of events in the Junior meet will include the 50-yard dash, 100-yard dash, 220-yard dash, 440-yard dash, running high jump and running board jump. The events in the intermediate contest will be 50-yard dash, 100-yard dash, 220-yard dash, 440-yard dash, 880-yard dash, running board jump, running high jump, 12 lb. shot put, 12 lb. hammer throw and pole vault.

About forty boys have entered the contest and a lively interest is being manifested. The list of entries which have been made up to the present time include the following:

Juniors—Masters, Shaffner, Dreyer, Kilmer, Cook, Joffris, Saxby, Richards, Dunwiddie, Churm, Jeffris, Chase, Connor, Smith, Woodworth, Cook, Cunningham, Merrill, Churm, Hayes, Hogan, Fleck and Morrissey.

Intermediates—Lloyd Davis, track captain; Guy Lewis, Bruce Kline, Percy Churm, Fred Welch, Thomas Cassidy, Thomas Ryan, Emmett Covell, Harold Campbell, Walter Airs, Ar-Shepard, George McLean, Myron Tracy, Will Welch, Scott Scarell, Will Poeschen and Bird Marsden.

OPENING GOLF ON HOME GROUNDS

Si Mississippi Club Playing Mixed Foursomes Today—Rockford Comes Here June 14.

The opening match of the home events at the Mississippi Golf club, is being played this afternoon. It is a mixed foursome handicap for prizes. Up to noon today quite a number of pairs had been entered for the contest. They were Albert Schaller and Elizabeth Schlicker, C. Dunn and Mrs. W. Jackson, H. S. McGiffin and Catherine Fildes, Joseph P. Baker and Mrs. J. C. Paige, Judge Charles L. Fildes and wife, Stanley D. Tallman and Miss Elsie Nowlan, Harry G. Carter and Miss Margie Mount, H. R. King and Miss Helen Fildes, Collin C. MacLean and Mrs. F. S. Taggart.

There will be a number of other entries at the grounds the parties not having handed in their names to the secretary.

Rockford June 14.

Secretary Baker this morning received a letter from Fred Tritle, secretary of the Rockford Country club, stating that they would be in Janesville for the first home match with the Mississippi on Saturday, June 14. He did not know how much of a team he could bring, but thought there would be a good sized delegation.

Mr. Tritle stated that most of the players were duffers, the long grass on the links having interfered with their practice this spring.

Make A Good Match

Their team is probably as well prepared for match play as the Mississippi team, as a number of the team players have not played enough this spring to get acquainted with their clubs.

The members who are to play against Rockford should put in considerable time this week getting in shape for the match so as to be sure that Rockford does not do them up.

Has A Professional

Rockford has the advantage of having a professional on the grounds. Their men get the benefit of his teaching and are able to round into shape much faster than a man who plays around by himself. They have a number of players who are star performers and probably at this early date have a much stronger team than Janesville.

Will Please The Ladies.

Next Saturday morning at 9 o'clock the People's Drug Co., corner Main & Milwaukee streets, will place on sale 250 boxes of the world famous Creme Marquise complexion soap. This soap needs no introduction and sells at all drug stores at 25 cents per cake or 75 cents per box. The price for Saturday only will be 35 cents per box of 3 cakes.

1,000 one pound cans fine baking powder at 10 cts. Fair.

1,000 ten pound sacks fine table salt 8 cts. Fair.

4 cakes Sapollo, 25 cts. Fair.

A regular meeting of Janesville Chapter No. 69 O. E. S. will be held Wednesday evening at 8 o'clock at Masonic Hall.

SICK NEWVILLE CHILDREN BETTER

The Fear of Rabies Has Now Passed, and the Children Are Recovering.

Three Newville people who went to the Pasteur Institute in Chicago for treatment on account of being bitten by a supposed mad dog belonging to Ben Cooper are doing finely.

Cooper returned home from the Institute last Friday and believes there is now no danger of his getting the rabies, even if the dog was mad.

Children Better

The two children, Emma Wlesan and Charley Husein, are still in Chicago at the Institute and are very well now traces of the disease having developed under the treatment. There is no truth in the report that they were taken down with the rabies while at the Institute. This rumor was probably started by the fact that Mr. Wlesan went to Chicago to attend his daughter, his wife who was taking care of her being taken sick. Although the children have developed no symptoms of the rabies, it will satisfy the people of the neighborhood to have them treated so there will be no chance of their coming down.

Another Cow Dies

Another of Mr. Cooper's cows came down with the disease a few days ago and had to be killed. This makes six head that he has lost on account of their being bitten by the dog that bit the children. The horse that was bitten was recovered from his wildness and is being worked in the fields.

ENJOY A SUPPER

Members of the Christian Young Peoples' Union Dine Together

The members of the executive committee of the Christian Young Peoples' union enjoyed an excellent supper together at the Y. M. C. A. building last evening at 6 o'clock and spent an hour or more afterward in the discussion of plans for the growth and betterment of the several societies which compose the union. The executive committee has adopted the plan of having a supper in connection with the monthly business meeting and the result has been a delightful success. Mrs. W. F. McCaughey and Miss Harriet Rogers had charge of the supper for last evening.

AN ARTICLE ON LA. FOLLETTISM.

Continued From Page 1.

law, prolong the fight on that, and quietly smuggle the taxation bills out. Well may they "view with alarm." Ere the advent of another election the people would want to know what became of the tax bills, and demand their enactment. Then they organize their alarm club, and their only salvation is to eradicate the element that favors a primary election law, because this same element favors the taxation of corporations. They howl about opposition to Spooner at the hands of the LaFollette people, when the LaFollette people, almost to a man, favor his return to the senate, and all this to divert the attention from the real issue that which "they view with alarm" the re-appearance of bills taxing corporations.

It is true that many an honest republican has been led astray by false alarms, but while they oppose the principle of primary election and oppose measures imposing on corporations their just burden of taxation, they cannot fool the people of Rock county by picking up John M. Whitehead as a candidate.

Any reasonable person may rest assured that they never picked him up as a candidate, unless they were absolutely certain that he would represent their interests and do about as required to become governor of the state of Wisconsin.

The Stalwart League, with headquarters at Milwaukee has sent tons of literature throughout the state of Wisconsin and has spent thousands of dollars in its distribution, has maintained costly headquarters for over a year, not only at Milwaukee but in different parts of the state, has employed high salaried officials to handle their campaign, and has never for one moment been hampered or hindered in their campaign on account of the lack of money. The enormous sums of money which they have spent have been contributed by the corporation interests, and it is this interest which is pushing the campaign and asking for the nomination of John M. Whitehead. Do the voters of Rock County wish to place in nomination a man who is put forward by such means and by such interests?

The LaFollette Republican Club.

FOUR MEN FORCE ACID DOWN A BOY'S THROAT

Desperate Deed of Detroit Robbers Who Secure One Dollar from the Helpless Lad.

Detroit, June 10.—Willie Hardy, an under-sized orphan lad of 17 years, is dying at his sister's home on Regular avenue from the effects of an acid, supposed to be chloral hydrate, that was forced down his throat by four men as the boy was about to enter the front gate at his home. The four men followed Willie for some distance, and as he entered through the gate one of them grabbed him. He was carried across the road to a vacant lot, where a bottle was forced between his teeth, and while one man held his nose, the lad was forced to swallow the acid to keep from strangling. Then he lost consciousness. His pockets had been turned inside out and a dollar in change taken when he recovered and staggered home. His condition is very precarious.

STATEMENT OF ODD FELLOWS

Report of Grand Secretary John H. Sikes for Illinois.

Springfield, Ill., June 10.—John H. Sikes, grand secretary of the Illinois Odd Fellows, issued his annual statement for the fiscal year ended March 31, 1902. There is a gain of seven lodges, there now being 880 in the state, with a total membership of 60,088. During the year 5,726 members have been initiated, and 898 have been admitted by card from other states. A relief fund of \$166,235 has been expended upon sick Odd Fellows. The total income was \$595,759; total expenditures, \$539,968, and net worth of subordinate lodges, \$1,921,024.

Bragg Names Vice Consul.

Fond du Lac, Wis., June 10.—General E. S. Bragg, who is spending a few days at his home here prior to leaving for Havana to take up his duties as consul general, announced that he had appointed Josepa Springer vice consul. The general has never seen Springer, but he appointed him on the recommendation of the civil service commission. Springer has resided in Havana for twenty years and has spent that time in the United States consular office there.

Wisconsin W. C. T. U.

The twenty-ninth annual W. C. T. U. convention held in Milwaukee last week marked another epoch in the history of this great work. Delegates were present from all over the state and the various departments of work under their supervision showed great advancement along all lines. Representatives were present from all of the unions of Rock county, Mrs. V. H. Campbell, president of Rock county W. C. T. U. had not returned from California and Mrs. Carrie H. Dresser was chosen by the Rock county delegation as their leader in the convention, each county being marked by bannerets and were seated together. The election resulted in the old officers being retained and there was but very little change in the superintendents of departments. Dane county which secured the prize banner for the greatest number of new members last year gave it to Bayfield Co. this year and Stoughton union gave her banner up to Sparta for the same reason.

The Franchise banner, the gift of its superintendent, Mrs. Maude Saunders went to Racine County and Rock County gave up the banner for the best and greatest amount of lumberman work done to Douglas County.
